From the writings of Ernest Holmes

"It is the Father's good pleasure to give me the Kingdom of Heaven, or harmony and abundance. Today He opens to me the blessings of His infinite and eternal treasure, inviting me to dip deeply into it. As I believe in my heart, so it is done unto me in all things. As I ask, so do I receive, a full measure unto my faith, pressed down and running over."

### DECLARATION OF PRINCIPLES (What We Believe)

We believe in God, the Living Spirit Almighty; one indestructible, absolute, and self-existent Cause. This One manifests itself in and through all creation but is not absorbed by its creation. The manifest universe is the body of God; it is the logical and necessary outcome of the infinite self-knowingness of God...

We believe in the incarnation of the Spirit in man and that all men are incarnations of the One Spirit... We believe in the eternality, the immortality, and the continuity of the individual soul, forever and ever expanding... We believe that the Kingdom of Heaven is within man and that we experience this Kingdom to the degree that we become conscious of it...

We believe the ultimate goal of life to be a complete emancipation from all discord of every nature, and that this goal is sure to be attained by all... We believe in the unity of all life, and that the highest God and the innermost God is One God... We believe that God is personal to all who feel this indwelling Presence... We believe in the direct revelation of Truth through the intuitive and spiritual nature of man, and that any man may become a revealer of Truth who lives in close contact with the Indwelling God...

We believe that the Universal Spirit, which is God, operates through a Universal Mind, which is the Law of God; and that we are surrounded by this Creative Mind which receives the direct impress of our thought and acts upon it...

We believe in the healing of the sick through the power of this Mind... We believe in the control of conditions through the power of this Mind... We believe in the eternal Goodness, the eternal Loving-kindness, and the eternal Givingness of Life to all... We believe in our own soul, our own spirit, and our own destiny; for we understand that the life of man is God... *And So It Is.*

"LET THERE BE PEACE ON EARTH"
